Washington Apples

A year-round healthy way to achieve your goals!

We support and believe *healthy* fund raising options, healthy eating and healthy lifestyles are important for everyone. Our product fulfills these areas and we are proud to offer fund raising in the healthy form of apples. Our benefits include year-round profits, healthy properties, incredible profit margin, quality of product, and accessible sizes of containers for stunning apple display.

Your group makes 30% profit on your sales!

There are 3 fund raising approximate weights used with our premium apples:

(10 pound Red Delicious)

(20 pound Red Gift Box)

Included with your fund raiser, your group will receive 10% commission kick-backs on any orders placed online and drop-shipped right to your customer's home with your group's fund raising ID number we provide you. This number is given to your group upon agreement of the fundraiser and placed on each customer's box so they know where to re-purchase your apples between fundraisers.

The important information to know on the fund raising program is:

- Apples Online will give you a delivered price per-unit and drop ship to your location.
- Your group is responsible for the pickup arrangements.
- Per-unit pricing is subject to your chosen apple variety and freight distance.
- A one pallet minimum or more is required when placing your order.
- Boxes per pallet are approximately: 185, 10 pound boxes; 98, 20 pound boxes.
- 10 pound boxes have approx 18-21 apples in them and 20 pound boxes have approx 40 apples in them.
- Pallet content can be mixed and matched to make your pallet minimum requirements.
- Turn-around time is 2-14 days from receiving your final order. Or the order can be shipped to arrive on or close to a date you specify.

Pricing your Fund Raiser

- Price shop at a few of your local grocery stores to get an idea of per/pound apple prices in your area.
- Each box has a flat rate price plus freight, and that price is dependent upon the region you reside in the U.S. We discuss this prior to committing to the fundraiser.
- Encourage customers of the benefits of apples and that it's helping your group! Also explain what the fundraiser is for.
- Let customers know about re-purchasing online between your fundraisers so your group makes the 10% commission year round!

Requirements to Begin your Fund Raiser

- A signed sales agreement.
- A faxed 'Final Order Document' with your closing order total.
- Payment options are Mastercard, Visa, check, cashier's check, or 30 day terms (once approved). All funds must clear before order is shipped. A 1.5% accruing late fee will be charged on all late accounts.

We recommend several fundraisers per year to remind customers to continue to purchase from you AND purchase online with your fundraiser code. Not to mention your school will make more revenue!
It's an easy, healthy way for your group to make money.

To get started call us directly for more information toll free at 1-800-642-0780!
